

## **9.1 Entering, approaching (9)**

1. (3P) You want to pull out of a row of parked vehicles into the stream of moving traffic. Behind you is a parked truck and trailer. How do you assess this situation?
  - a) Because of your restricted view, you cannot see approaching vehicles until they are very close
  - b) Because of their restricted view, vehicles approaching from behind cannot see your vehicle until very late
  - c) ~~It is safe to pull out here because you are protected by the truck and trailer behind you~~
2. (4P) You want to turn out of a road with a sunken kerbstone into another road. A car is coming from the left. What applies here?
  - a) Whoever turns into a road over a sunken kerbstone must wait
  - b) ~~The sunken kerbstone is of no relevance for the obligation to wait~~
  - c) ~~The rule „right before left“~~
3. (4P) What must you do when leaving the edge of the roadway?
  - a) Check for traffic from behind
  - b) Switch on your direction indicator
  - c) ~~A look into the rear view mirror is sufficient~~
4. (4P) You want to leave a traffic calming zone and begin driving along a road. What should you do? I have to
  - a) Indicate the direction of movement prior to taking the turn
  - b) Allow pedestrians on the footpath to walk past
  - c) ~~Observe the „right before left“ rule~~
5. (4P) You want to leave a traffic-calming zone and begin driving along a road. Cyclists are approaching from the left. Who is required to wait?
  - a) Everyone is required to stop and then agree among one another who should proceed first
  - b) I have to wait
  - c) ~~The cyclists have to wait~~
6. (4P) You want to leave a property lot and turn right into a road. Cyclists are approaching from the left. Who is required to wait?
  - a) I have to wait
  - b) ~~The cyclists have to wait~~
  - c) ~~Everyone is required to stop and then agree among one another who should proceed first~~
7. (4P) You want to leave a property lot and turn into road while passing over footpath. What must you look out for?
  - a) You should be directed by another person if necessary
  - b) Pedestrians on the footpath may not be endangered
  - c) ~~First take note of the flowing traffic on the road~~
8. (2P) You want to exit a parking space and move into the moving traffic. What should you do?
  - a) I have to take note of the traffic behind me
  - b) I have to indicate before moving off
  - c) I may not endanger the moving traffic
9. (4P) You want to exit the property lot. What is the right thing to do?
  - a) I may drive on if the pedestrians waive their right of way
  - b) I have to wait until the pedestrians have crossed over the exit
  - c) ~~I sound my horn briefly so that the pedestrians will allow me to exit~~
